## **SERVICIO DE RECOLECCIÓN DE RESIDUOS SÓLIDOS**

### **Informe de Cumplimiento de Rutas, Frecuencias y Cobertura Periodo. Marzo de 2026.**

El Departamento de Limpieza y Aseo, junto con la Unidad de Transportación de Residuos Sólidos, se encarga de monitorear y dar seguimiento al cumplimiento de las rutas establecidas en las siete zonas de recolección del municipio de Moca. Los mecanismos utilizados para medir el cumplimiento y la cobertura son los siguientes: supervisión continua de los camiones en ruta, registro diario de las salidas de los camiones y asignación de rutas especiales ante cualquier eventualidad.

El Ayuntamiento se encarga de la recolección de residuos sólidos en la ciudad de Moca y sus seis (6) secciones. Distribuidas en seis (6) zonas de recolección que comprenden un total de sesenta y cuatro (64) sectores. Estos sectores se subdividen en ciento treinta y cuatro (134) barrios, sub-barrios, residenciales y calles principales para una mejor distribución, monitoreo y comprensión de los ciudadanos. Además, se brinda apoyo cuando por alguna razón (avería de camiones, días de lluvias intensas, días feriados, entre otras) no se puede acceder a algún sector y/o barrios.

Actualmente, se brinda el servicio de recolección un mínimo de dos veces por semana en la zona urbana y suburbana de Moca. En las zonas rurales, el servicio se realiza una vez por semana debido a la baja densidad poblacional, cubriendo el 100 % de la población. Ver Plan de recolección de residuos sólidos.

Es importante destacar los siguientes aspectos:

1. La brigada especial, en coordinación con la unidad de drenaje pluvial, realizó la jornada de imbornales en los sectores: el bolsillo, residencial Alexandra, Pueblo Arriba, Urbanización Estela, la Milagrosa, don Bosco, la Joyita, Villa Carolina 1,2,3 y 4, los Maestros y Eurípides. Asimismo, se continuó con la eliminación de sedimentos en los imbornales y limpieza de cañadas en los sectores: los Cáceres, Estancia Nueva, Los López, Villa Olga, Villa Delia y la Piragua.

*BAZ*

**Ayuntamiento de Moca**

*Pasión por un pueblo!*

2. Frecuencia de recolección: Durante el mes de marzo se realizó una única jornada de recolección de residuos sólidos urbanos, de lunes a domingo.
3. El Ayuntamiento dispone de dos camionetas pequeñas de la marca Daihatsu Hijet, que se utilizan para realizar la recolección en lugares donde no es posible el acceso de camiones.
4. Asimismo, atendemos las quejas o sugerencias de los ciudadanos con el objetivo de abordar cualquier dificultad que pueda surgir en el servicio. Brindamos respuestas inmediatas o, como máximo, en un plazo de dos días hábiles.

Adjunto encontrarán detalles del cumplimiento diario de la frecuencia.

Realizado el día siete (7) de abril de 2026.

**Lic. Billy Almánzar**

Encargado del Dpto. de Limpieza y Ornato Municipal
